Michael Fourie

Junior Software Engineer @ Digiata
City of Cape Town, Western Cape, South Africa

Summary

Junior Software Engineer @ Digiata.

Experience

Digiata

Junior Software Engineer
January 2025 - Present (1 year 9 months)
City of Cape Town, Western Cape, South Africa

Delivering and maintaining financial software solutions for ManCos, LISPs, and Group Asset Managers across:

Money management · Trade order processing · Pricing & income distribution · Cash reconciliation · General ledger integration · Regulatory reporting

• Implementing automated ETL pipelines to process data from SQL Server and Oracle databases, aligned to functional design specifications

• Collaborating with Business Analysts, Project Leads, and IT teams to translate business requirements into reliable, consistent solutions

• Designing and maintaining UML process diagrams for new and existing workflows using Microsoft Visio and draw.io

• Conducting regular system reviews to identify and address performance and process improvement areas

• Executing unit, integration, and regression testing across delivered systems

Allan Gray
